Reconstruction style plate
for contouring

LATERAL CALCANEAL PLATE

Product Information

Lateral Calcaneal Plates: Stainless Steel

For use with:

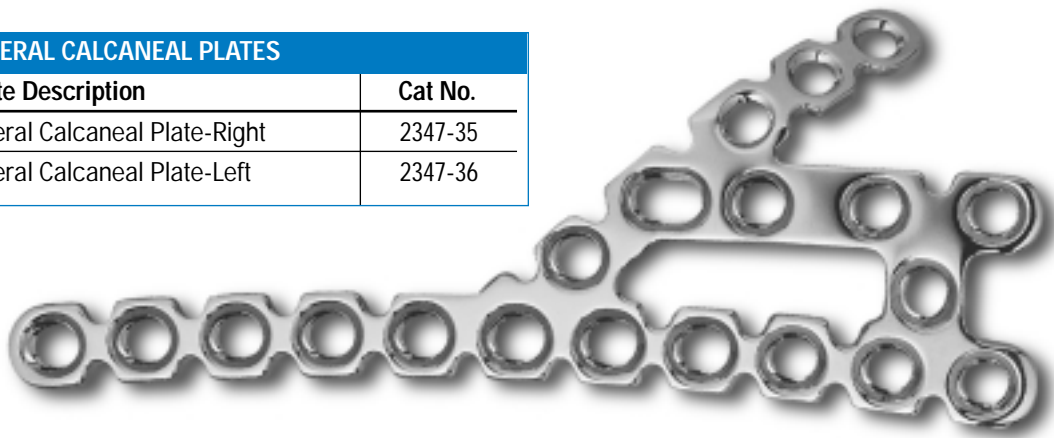

- Periarticular 3.5mm Self-Tapping Cortical Screws with 2.7mm head
- 2.7mm Mini Fragment Cortical Screws
- Forte® Distal Radial Plate System 4.0mm partially or fully threaded Cancellous Screws

REDUCED PROFILE SCREWS

The head size of the Periarticular screws has been reduced significantly to create a nearly flush profile when used with a plate or independently.
